Kkkkkkkkk Numb. 5202

The Daily Courant.

Tuesday, June 24. 1718.

From the Amst. Courant, dated June 28.

Coningsberg, June 17.

ON Tuesday Night the King of Prussia came to this City, and the following Day he visited the principal Streets, together with the Fortress Fredericksburg, and the Block house. On Thursday his Majesty review'd three Regiments that lie here, and this Day the Holstein Regiment was also to pass in Review, but was prevented by the Rain.

From the Amst. Gazette, dated June 28.

Hamburgh, June 21. Letters from Petersburg of the 27th past say, that they have not yet any certain Advice, of what has pass'd in the Island of Aland and some are of Opinion, that they shall not be inform'd of it till the whole Negociation be over. Those Letters add, that they continue the Examination and rigorous Punishment of all those who appear to have been in the Interest of the degraded Czarowitz, and they are very closely imprison'd. Prince Dolhorucki, General of Foot, Colonel of the Guards, and Knight of the Order of the White Eagle; Prince Michael his Brother, a Senator; and the Sieur Abraham Lopouchin, are condemn'd to a perpetual Imprisonment, and sent with their Wives and Children into Nova Zembla, all their Estates being confiscated. There being a great deal of Hemp at Petersburg, which some Foreign Ships have refused to lade, the Czar has forbid, with severe Threats, all the Dutch Merchants who are settled there, to make any Difficulty of lading their Ships with that Merchandize. The last Letters from Copenhagen advise, that the British Squadron, and that of the Danes lie still in the Bay of Kiow. We have Advice from Norway, that all is quiet upon the Frontiers, and that they are in a Condition to oppose the Designs of the Swedes. The King of Denmark arriv'd on Saturday last at Gottorp, and review'd the two Regiments of Dragoons there Yesterday. He goes to Day to Coldingen, where the principal Ministers of State are to come to him. 'Tis said General Repnin is upon his Way to the King of Denmark, with an important Commission from the Czar.

From the Haerlem Courant, dated June 28.

Basil, June 19. We are assur'd, that the Swiss Cantons will not grant to King Philip the Troops he desires. Some of the Servants of the late Queen Dowager of England are gone to Urbino, whither they have been sent for by the Pretender. The Duke Regent of France having written to the Duke of Savoy, concerning the Accommodation between the Emperour and the Court of Madrid, the said Duke has declar'd, that he will resign his Kingdom of Sicily to his Imperial Majesty, provided he have a proportionate Equivalent; but that he was not satisfy'd with the Island of Sardignia only. In the mean time, the Treaty between the Imperial Court and that of Turin, is quite at a Stand.

From the Amst. Courant, dated June 28.

Francfort, June 22. In regard the Time prefixed for entring upon the Execution concerning Rhynfels will expire next Sunday, and the Troops for that purpose are upon their March, (that is to say, those of the Romish Princes, for the Protestants have excus'd themselves) we are in great Concern upon the Issue; the rather, because the Preparations the Landgrave of Hesse Cassel is making to defend himself, sufficiently shew, that he will stand out till the last. That Prince was Yesterday at Marpurg, where he has posted 6000 of his Troops, and has also placed Men in all the other Places where his Country might be invaded.

From the Haerlem Courant, dated June 28.

Paris, June 20. Letters from Urbino of the 30th of May, mention, that the Pretender has been there indispos'd, and that he took Physick and was let Blood on the 22d, by which he was very much reliev'd. He has been extreamly chagreen'd and mortify'd at the Queen Dowager's having not mention'd him at her Death; and he is moreover extreamly troubled at the Loss of his Pension from France, for the Regent has openly declar'd to him, that he shall no longer continue that Pension. His Royal Highness has caus'd to be printed and publish'd the King's Order, commanding all the Rebels of Great Britain who are in this Country, to depart from the Dominions of France, which puts them into the utmost Distress; and those who us'd to receive Pensions from that Princess, being now depriv'd of them, are reduc'd to Poverty. We have Advice, that the late Duke of Ormond departed the 12th of May from Mittau, without having had Success in the Commission he was charg'd with to the Czar and the King of Sweden, the latter having declin'd to see him; and the Czar has charg'd his Physician to speak no more to him of the Pretender's Affairs, upon Pain of his highest Displeasure. Also Sir Henry Stirling, who, 'tis said, went with a secret Commission from the Duke of Ormond to the Czar's Court, has been order'd by his Czarish Majesty to depart from Petersburg, and out of his Dominions.

Hague, June 28. 'The Ambassadour of France 'the Marquis de Chateauneuf, is likely to remain 'here, till the Quadruple Alliance is brought to 'a Conclusion, and 'tis said M. de Morville will 'remain so long at Paris. The States of Holland 'are not yet come to a Resolution concerning the 'States Generals entring into the propos'd Alli-'ance. They are this Day assembled upon that 'important Subject. Lettters from France inform 'us, that the Spanish Fleet sail'd from Barcelona 'the 13th, and has been seen pass by Toulon.

London, June 24.

On Sunday last an Express arriv'd from the Right Honourable the Earl Stanhope, with Advice that he arriv'd at Paris on Wednesday last, and that he had Audience the next Day of the Regent, who agreed to all the Propositions he made to him on the part of the King. Upon which his Lordship immediately dispatch'd an Express to His Majesty with this good News. Mr. Secretary Craggs, who receiv'd these Dispatches at Three in the Afternoon, went immediately to carry them to the King.

Sir, June 24, 1718.

Your Vote and Poll (if needful) are desired for
Sir JOHN BULL, *Clothworker, and*
SAMUEL DUBOIS, *Esq; Fishmonger,*
To be Sheriffs of this City, and County of Middlesex, for the Year ensuing; they being Persons well affected to the present Government, both in Church and State.

Sir,

Your Vote, Interest, and Poll, (if needfull) is desired, That Sir HARCOURT MASTER, *Knt. Citizen and Haberdasher of London, and one of the present Sheriffs thereof, may be chosen Chamberlain of this City for the Year ensuing; he being a Gentleman qualify'd in all Respects for that Office, and zealously affected to His Majesty King* GEORGE, *and his Government, and to the Prosperity of this City.*
N B. *He has given undoubted Assurances, That he will endeavour, by a diligent Personal Application, to discharge every Part of his Duty, especially that which relates to Masters and their Apprentices, and preventing Foreigners following any Trades, either as Masters or Journeymen, within this City.*

In Reply to an Article in the *Post-Boy* of *Saturday* last, which begins thus; *An Answer to a Query publish'd in the Courant of the 16th Instant, &c.* The Author acquaints the Answerer, That the Sheriff who stands Candidate for the Office of Chamberlain, did not determine so to do, till he had had the Opinion of two of the most eminent Lawyers, That his being Sheriff did no ways disqualify him from being Chamberlain; and the Author does aver, and is able to maintain, That one of the Sheriffs may preside at the Election of Chamberlain, and may make a Return in their joint Names, there being nothing illegal in such Election or Return; and that the Sheriffs cannot be said to be Judge and Party, they being Ministerial, not Judicial Officers.

Query. Whether Sir *William Withers* did not manage and make a Return of Sir *James Bateman*, when he was elected Sheriff, upon the Death of Sir *Peter Floyer*, and whether Sir *Randolph Knipe* did not preside at the Election for the Members of Parliament for the City of *London*, and Sir *Rob. Breedon*, at the Election of Members for the County, on the same Day; and whether the Returns were not made in their joint Names?

Query. Even when a Judge is Party, whether he does not come from the Bench, and sit by till his Cause be try'd by his Brethren; and yet the Judgment is the Act of the whole Court, and is valid, tho' he does not join in it.

SIR,

Your Vote, Interest, and Poll, (if needful) is desired for Deputy GEORGE LUDLAM, *(Citizen and Wax-Chandler) to be Chamberlain of this City, who has upon all Occasions, been industrious to support the Rights and Privileges of his Fellow Citizens, and is well acquainted with the Laws and Customs of this City; and zealously affected to his Majesty King George, and our happy Constitution both in Church and State.*

JOHN PRINCE, *Citizen and Founder of London, having for a long time solicited and engag'd his Friends, and their Interest, for the electing him into the Office of Bridge-master, is so well satisfy'd in the Promises and Engagements of his said Friends, that he has great Encouragement to hope for the desired Success, if they will be so mindful of him as not to omit appearing in Person at the Election: And he publishes this Advertisement, humbly and earnestly to entreat them not to fail him on this 24th Instant, that, if possible, the Charge and Trouble of a Poll may be prevented; for which he shall, as in Duty bound, ever pray.*

And, as in Duty bound, he shall ever pray, &c.*

Sir,

Your Interest, Vote, and Poll (if needful) is humbly desired for JEREMIAH MARLOW, *Citizen and Goldsmith of London, (your former Petitioner) who has been Forty Years a Shop-keeper in Lombard-street, hath (long since) serv'd all the Offices in his Ward and Parish, and been Thirteen Years of the Common-Council of this City; he has a Wife and several Children unprovided for, therefore humbly prays your Favour for the Office of Bridge-Master, vacant by the Death of Mr. Pitt. N. B. This is the second time of his standing Candidate for Bridge-Master.*
